## Assessment

### GENERAL ASSESSMENT CRITERIA

#### CONTINUOUS ASSESSMENT SYSTEM

Non-attendance to more than 20% of class sessions and activities may lead to failure of the course and disqualification from the regular assessment period. The teaching team decides how this rule is applied.

#### MARKS

Continuous Assessment is a comprehensive assessment of each student's results judged on the assessment criteria described in the following section, on a scale of 0 to 10 as provided in current legislation.

Students wishing to bring up their grade in the extraordinary/reassessment period must first contact the Registrar's Office to expressly waive in writing all of the marks they obtained in the regular assessment period. Their final assessment mark will be the mark obtained in re-assessment.

#### SPELLING AND EXPRESSION

Spelling and written expression are taken into account in the marking of written examinations and assignments. Written examinations cannot contain more than 2 spelling errors or 10 accent errors (omitted or misplaced). Assignments completed outside of the classroom may not contain more than 1 error.

#### UNIVERSITY WRITTEN REPORTS

These must have a title page, table of contents and bibliography listing at least 4 sources. These works must be original. Excerpts from other authors must be properly cited. Demonstrable plagiarism is an academic offense. If one student copies the work of another student, both shall be held accountable.

### SPECIFIC ASSESSMENT CRITERIA

#### REGULAR ASSESSMENT PERIOD

In this course, absence of more than 20% of class sessions and activities will lead to failure of the course and disqualification from the regular assessment period. ☒ SÍ ☐ NO

A minimum mark of 5.0 on all assessment tasks is required. If the mark obtained on any one of the assessment tasks is below that minimum, the weighted average mark for this course will not be calculated.

The teaching team will provide the details/specifications on the content or submission of assessment tasks; this information will be given in class or in a document made available to the student on the Virtual Course Space (in Spanish, *Aula Virtual*).

In submitting assignments, students must meet the deadlines set by the teaching team.

<i>Assessment task (*)</i>	<i>Task description</i>	<i>% of final mark</i>
SE2 Assignments and projects.	Final composition	70%
SE3 Continuous assessment: weekly tasks and homework, periodical reports, problem resolution.	Rehearsal attendance Defence of the work	10% 20%
		100%

(\*) Records and evidence of all of the assessment tasks (writings, recordings, etc.) listed in this table will be kept and filed in the Registrar's Office.

#### EXTRAORDINARY/RE-ASSESSMENT PERIOD

Students that do not pass the course in the term it is delivered can attempt again in the extraordinary/re-assessment period, except in cases where the particular characteristics of the course make this impossible.

The teaching team will inform the student of the assessment tasks that will need to be done in re-assessment. The teaching team can decide whether to maintain the marks of 5.0 and above the student received over the course and in the regular assessment period.
